Flannel—Bathing.

On the subject of wearing woolens next the skin, the medical profession are changing their opinions. Heretofore it has been considered important for young children and invalids to wear flannel next the skin, but now it is believed that the constant friction of the flannel tends to *debilitate* the skin, and that the good to be secured by wearing flannel, without this evil, is gained by having it over an under garment of cotton. Wearing flannel next the skin, through the night, is especially injurious, and therefore the woolen night-gowns of young children and invalids should never be worn next the skin. It has often been found that persons who have suffered from rheumatism, and on this account have worn flannel next the skin, have been relieved from this disease by simply leaving off the flannel. The best protection against sudden changes, and against the malaria of disease or bad climate, is to *strengthen the skin* by frequent ablutions of the whole body (for the young) in cold water. All persons, by a gradual process, can accustom themselves to this, without any danger, and with immense benefits. Cold bathing should always be followed by exercise, continued until a glow is produced.—*Beecher.*

Sickness among Children.

We are not aware that there ever was a more disastrous season for children, since the settlement of Europeans on this coast. Parents ought to be very careful to dress their children in warm clothing; to prevent their "catching cold," as it is called, and, in cases of apparent indisposition, to send at once for an able physician, and not to take the responsibility into their own hands. A parent will never regret having sent for a physician too early; but they may regret any delay.

Sleeping After Dinner.

This habit, which is becoming so very popular in this country, and particularly so with young persons, is an exceedingly pernicious one. In our climate, the stomach does not perform its functions during sleep, except with slowness and difficulty; so if it be heavily loaded, it remains in a semi-torpid condition until the siesta is finished.—The result of such daily torpidity is indigestion, or some one of the thousand different forms assumed by the hydra-dyspepsia. In hot countries, the action of the digestive organs is much easier than here, and sleep, unless very sound impedes the stomach's functions but very slightly, if at all. The siesta is, therefore, a natural and proper thing for the tropics, although it is totally inappropriate to the United States.

For want of a nail the shoe was lost; for want of a shoe the horse was lost; for want of a horse the rider was lost, being overtaken and slain by the enemy, all for want of care about a horse-shoe nail.

HOLLAND—VARIETIES.—A correspondent of the "A. Z. d. I." gives a gratifying account of the condition of the Jews in Holland. Their emancipation has there become a reality. But it is not only the Jews, but Judaism also, that has been completely emancipated, being placed on a footing of perfect equality with all other religions. The Jewish soldiers regularly receive leave of absence on their holydays, Jewish prisoners are provided with unleavened bread on Passover, Jewish children in the reformratories receive instruction in their religion, and the children of the Jewish poor are admitted without fee to the public schools. In the deaf and dumb institute at Rotterdam religious instruction is given to the Jewish inmates by a teacher of their own body. In connection with this institution, there was lately performed a religious ceremony, which excited great interest. Three pupils, two boys and a girl, solemnly received their religious initiation, in the presence of the wardens of the congregation, the director of the institution, the teacher, and a numerous and influential assembly in general. The boys were, as usual, called to the law, pronouncing the benedictions loud and distinctly. The confirmants were then submitted to a religious examination, through which they passed satisfactorily. It is noteworthy that the director of the institution, Herr Hirsch, is himself an Israelite, and that, too, in the noblest sense of the word; yet he possesses the full confidence of all religious denominations, convinced as they are that he would be incapable of any abuse of authority. The director is, moreover, highly respected by all classes, and especially by the municipality, which annually votes a considerable sum towards the support of an institution ranking among the most efficient on the continent.—*J. Chron.*

NEW HAVEN—A CHILD ADOPTED.—Some weeks since, information was lodged with the Presidednt, that there was a Jewish child in the Poor House. Steps were forthwith taken for its removal from among stranges, and its ultimate restoration to those entitled to claim it. The boy, some three or four years of age, strongly built, was interrogated relative to his name, etc, but could give no satisfastory reply, and was accordingly placed in charge of a Mr. Fleishalls, the Congregation having authorized the Board of Trustees to pay expenses for his support, from the corporate funds. Of course, they are willing and anxious to restore the child to its parents. Any information likely to lead to their discovery, should be sent to the Secretary, Mr. B Sugenheimer, Grand street, New Haven.—*J. Messenger*

ADDRESS OF THE ROMAN JEWS TO EVERY NEW POPE.—"These are the laws and the statutes which the Eternal formerly gave to Moses, to cause them to be observed by our ancestors and their posterity. We present them to your holiness, begging very humbly that during the course of your pontificate they may be rigidly executed, in order that the Almighty may bless the reign of your holiness, and grant you a life of peace and health." Formerly the pope gave a stereotyped reply to these prayers; he would say to the Jews: "I respect the law of Moses, but I do not approve of the interpretation you give it in rejecting the Messiah, whose vicar I am. The Eternal has scattered you over the face of the earth, in order that you may recognise that peace and health are to be fuond only in Christianity.—*A. I.*

Ancient Hebrew Families.

RECOLLECTIONS OF OLD MERCHANTS.—Under this title, there have appeared in the *New York Leader*, a number of interesting sketches of old merchants of this city. In the *Leader* of the 12th inst, the principle part of the article in question was a narration of facts connected with several Jewish families, from which *the Messenger* makes the following extracts:—

'At the time, [1786], too, the Israelites had a synagogue in the city, and the minister was the Rev. Gershon Mendes Seixas. who officated half a century, and lived until 1816. Among the early settlers of New York city, there were some familias of Israelites. As late as 1686, they were not allowed to have a place of worship. They were allowed a burial place on the west side of Oliver street, opposite the Baptis Meeting House, the gift of a few gentlemen. It is hemmed in with buildings, but monuments were there bearing date 1652. Forty years later, however, things changed, and a modern synagogue was built in Mill street. In 1729 is was rebuilt of stone, and there the congregation worshipped until 1818. But at the close of the last century, the Israelites were not powerful or prominent. There were a few strong names, and among them were Mr. Bernard Hart, Benjamin Seixas, T. and M. Seixas, Isaac Moses and Son, Simon and Judah, Uriah and Harmon Hendricks, and a few others. What a contrast between the commencement of this century, 1800, and 1861? The Israelite merchants were few then, but now? They have increased in this city, beyond any comparison. I speak of them as a nation, not as a religion. There are 30,000 Israelites in the city, and it is the high standard of excellence of the old Israelite merchants of 1800 that has made the race occupy the proud position it does now in this city and nation.

"Towering aloft among the magnates of the city of the last and present century, is Bernard Hart.

"In 1795 he resided and did business at No. 100 Water street. That was the year when the yellow fever raged so fearfully; 732 died. Although 2,086 died in 1798—yet it was not so horribly fearful to the citizens as in 1795, for then they had got used to it. It was not a new pestilence. Mr. Hart and Mr. Pell, of the firm of Pell & Ferris, who kept store at No. 108 Water street, a few

doors from Mr. Hart, were unceasing in their exertions— night and day, hardly giving themselves time to sleep and eat; they were among the sick and dying, and relieving their wants, and were angels of mercy in those awful days of the first great pestilence.

"Two years before, in 1792, Mr. Hart had become a member of the St. George's Society, re-established in 1786, and he was a constant watcher on the health of the few members of that society in the sickly season of 1795.

Mr. Hart was also a great military man in his early years. In 1797, he was Quartermaster of the Brigade of Militia, of which New York boasted. He was likewise connected prominently with the Free Masons, and other organisations. In 1817, the Board of Brokers numbered 28 members, of whom *two* were Israelites, Bernard Hart and Seixas Nathan.

"Bernard Hart was much respected, and was one of those men that ought not to perish from the records. When he died, his was the peaceful death of the just man. He was 91 years of age. What an eventful life was his! He left several children, and he lived long enough to see them occupy positions of usefulness and high honor. Emanuel B. Hart was one of the sons of this old merchant. He has been a merchant and a broker, following in the footsteps of his father. This son was Alderman of the Fifth Ward in 1845 and 1846. He represented the city in Congress from December, 1851, to March, 1853 He was appointed surveyor of the Port in 1859, and left it in 1861. Another son, Benjamin S. Hart, is also a broker, and married Miss Hendricks, of whom I gave a lengthy sketch a year ago. David Hart is another son. He was and is a teller in the Pacific Bank—went to the war, and fought gallantly at Bull Run, but was badly wounded.

"In 1806, Bernard Hart married Miss Rebecca Seixas, a daughter of Benjamin Seixas, all of whose daughters were famous for their wonderful beauty and exceeding loveliness, both in person and character. Mrs. Hart was not an exception

Mr. Benjamin Seixas was a merchant, and did a large business in Hanover square as early as 1780. In 1792 he moved to Broad street, No. 76. He bought the ground and built a large double house on it in 1791. At that time he had a country seat up at Greenwich village. It was adjoining that of Isaac Moses. The house at No. 76 Broad street was for many years the residence of Harmon Hendricks. After the great fire in 1835, that swept Delmonico off, he opened 76, as Delmonico's Hotel.

"Benjamin Seixas was a wonderful old man. He was born in this city in 1746. In 1779, he married Zporah Levy, daughter of old Heyman Levy. The latter was once in the fur business, and in his account books are many records of money paid John Jacob Astor for days' work in beating furs, at the rate of one dollar a day. Miss Levy was a most beautiful girl, and was born in 1760; she lived until 1832; and when she died, fifteen children were present, and she left seventy grandchildren. His relative the old clergyman, the Rev. Gershon Seixas, lived at 11 Mill street. Mr. B. Seixas in 1800 moved to 321 Greenwich street. He had several sons as well as daughters; and when he died, in 1816, he left sixteen children living, eight sons and eight daughters. I have already alluded to their extraordinary beauty. Men talked of it half a century afterward.

"Their destiny is worth noting. Rebecca, as I have said, married Mr. Bernard Hart. She was born in 1782, and is still alive 70 years of age. Leah is yet living, having never married. Hester married Napthali Phillips. They are both living. He is over eighty-fife years old. I remember him well, many years ago, when General Jackson was President. He was then in the Custom House. They have a numerous family of children and grandchildren. I have before me writing of his when he was a boy. Grace married Jacob I. Cohen, of Charleston, S. C. She is, I think, the mother of Gershon Cohen, a successful politician of the Eighth Ward. She is living. Rachel married Dr. D. M. L. Peixotto, once President of the Medical College of this city. He is dead, but she is still living. Sarah married Seixas Nathan. She is dead, and so is Abigail, who married Benjamin Phillips, of Philadelphia. Miriam married David Moses of Charleston, S. C. The sons that I remember are Daniel, who is in business in Wall street, and has been many years. The oldest son was named Moses. He married Miss Levy, a daughter of Jacob Levy of this city. He is dead, but his children are doing business in this city. Isaac was minister of the Congregation Shearith Israel, in Crosby street. He is dead, but his widow is alive, and his sons are in business in this city. Hayman L. Seixas, named after his grandfather, H. Levy, is married, has a family, and is, I believe, in a department of the Custom House. Aaron died in 1852. I knew him well, and a better hearted man never lived than he was. Solomou is dead. He was a colonel in the War of 1812. His widow is alive, and so are two sons. Abraham died in Charleston, where he had married Rachel Cardoza. Madison is in New Orleans, and a partner of the large house, Gladden & Seixas."

Longevity among the Jews.

The remarks of Dr. Boudin on this interesting subject, the "Cosmopolitism of the different races of mankind," as quoted by Dr. Frankel, in his *Monatschrift fur Geschichte und Wissenschaft des Judenthums*, well deserve notice.

Dr. Boudin says that "the Jewish race alone is capable of living in any part of the globe, and is propagated and developed, not only without losing its nationality, but also owing to the peculiarity of the Jewish constitution, which can adapt itself to every climate, flourishing there even better than the original inhabitants themselves. The moral and religious importance of this statement, grounded on the most careful investigation, and on statistics which may be relied on, must be evident to every one." "Is not this a clear proof of the work which God has committed to the Jews, whose mission it is," according to Dr. Frankel, "to promulgate throughout the world the truths of the unity of God, and the unity of the human family."

Dr. Boudin says,—"One tribe alone has as yet been found able to prove to mankind its power of ubiquity. One race alone is in reality cosmopolitan. This is the Jewish race. 'Without visible faculties for longevity,' says Lamenais, 'the Jew lives everywhere nothing can exterminate him.' The Jew is to be found in all parts of the globe; he is found in Europe, from Gibraltar to Norway; in Arica, from Algiers to the Cape of Good Hope; in Asia, from Cochin China to the Caucasus, and from Jaffa to Pekin; in America, from Monte-Video to Quebec. During the last fifty years he has travelled to Austalia.

"It is worthy of notice, that in many countries where Jews live in their dispersion, a marked difference has been found betweeu them and their neighbors in the proportion of births and deaths, and also in the susceptibility for different diseases, some of which have almost without exception affected the Jews only, while they have entirely escaped the contagion of other diseases that have abounded around them."

In Prussia, the following observations have been made during the course of 19 years, from 1822—1840. Among 100,000 of the Prussian population, the average number of death was 2963; among the same number of Jews, it was only 2161.

"Among 100,000 Prussian children, and 100,000 Jewish children born during the last period, the returns are as follows:—

	Prussians.	Jews.
Stillborn	3569	2,524
Died during the first year,	17,415	12,935

In Algeria the official account of deaths is as follows:—

Number of deaths among 1000 inhabitants.

	Europeans.	Jews.
1844	44.6	26.1
1845	45.5	36.1
1847	50.0	31.0
1848	42.5	23.4
1849	105.9	56.9

"This great difference would be still more striking if the European population, like the Jewish, consisted of aged people as well as children, and if the frequent return to Europe did not greatly diminish the number of deaths recorded in Algeria among Europeans.

"The increase of the Jewish population in France, is in the same proportion as that of the French themselves.

In Holland it is as 2 to 1; in Prussia and the Palatinate, as 3 to 1; in Switzerland, as 4 to 1; in Algeria, as 7 to 1.

"It appears from statistical tables that there is not sufficient foundation for the opinion that has generally prevailed, that the different races of mankind can live in any part of the world. On the contrary, many facts lead to the belief that this is not the case. Colder climate are more suited to the European constitution than the tropical regions.

"Negroes cannot be acclimatised in the South of Europe, nor in North Africa, where the negro population is kept up by the importation of other negroes.

"Although the English and French Antillas, Bourbon, the Mauritius and Ceylon, are within the tropics, it seems to be doubtful whether the negro race can accommodate itself to the climate.

"it appears indeed that the negroes are acclimatised in the Southern States of America, but the mortality is excessive in the Northern, and an enormous proportion have become insane.

"The Jews flourish in every country. The statistics of the Jewish race with regard to births, diseases, and deaths, are entirely different from those of the nations among whom they dwell."—*Jewish Intelligence.*

EQUITABLE REQUEST.

The actual amount of literary and educational labors on our hands since years, is so great that we, in consequence, are obliged to neglect the business department, at least so far as the country is concerned. We can not confine ourself to a narrower sphere of activity; since, we think, to supply actual wants not supplied by others. And, as our labor are not pecuniarily remunerative, we can not engage efficient help; hence the great amount of labor resting on our own hands, and the continual monetary embarrassement to the injury of even the cause to whose advancement we are devoted.

The consequence was, that we could not send bills to the country, as regularly as we ought to have done, and the amounts due to our office, have accumulated considerably and in some instances so much that it may prove inconvenient to some subscriber to pay the whole.

We therefore beg to propose to those of our friends, *that are able and willing to pay*, to remit forth with any amount they may find convenient to spare, either as payment in full, or as they may otherwise desire; so that we at once be relieved from the actual pecuniary embarrassement under which we labor since about three months; and knowing also what we may expect from subscricers — there are names on our list from whose bearers nothing was ever paid hitherto.—

We at the same time will make efforts to send bills or have them sent, which, we hope will be duly honored, and remittance made by post stamps: in cash, enclosed in registered letters, or otherwise at our responsibility.

We also earnestly solicit friends of the "GLEANER" in the different cities and towns to assist us by acting as agents in gaining subscribers and remitting, as several good man have done on former occasions.

All remittance will be duly acknowledged in the columns of the "GLEANER," as also by letters acknowledging the receipts sent to the respective remitting parties.

In hopes of an early attention to this our equitable request we sign

EDITORIAL REMARKER.

Our Age Atheistic.

In these different parts of the world's progress, God is not recognised, or only by a few; or recognisee solely out of compliment, or fashion, custom, or party spirit, and in such a way as to place Him at an immeasurable distance from the works of His hands. What is there that is good, or true, or beautiful, of which God is not the centre? *And is not the age in its progress fast severing* (separating) *God from His works*, making man, or chance, or abstract laws, the centre of creation, instead of the living, *personal I AM*,—thus shifting the axis of the universe in order to be saved the irksomeness of coming into contact with Him, the source of all existence? What, then, becomes of the advancement and the enlightment of the age? Can we look upon them in their present stage without suspicion, or can we contemplate their issues without terror? All wisdom is foolishness, if independent of Him. All inquiry must become a mere maze of scepticism, if separated from Him who the source of all knowledge. All truth and goodeess are but empty abstractions, if away from Him who is true and good. All *enlightenment* is but a dream, if not received from Him who is the light of the world, the light of life. All liberty is but a well-disguised bondage, if not found in the service of Him before whom every knee is to be bend. All rule and law are but the exhibitions of man's selfishness, and ambition, and pride, if dissociated from Him who is the possessor of Heaven and Earth. Nay, and all religion is but hollowness and unreality, if severed from the fellowship of Jehovah, the Author of all flesh and spirits.

The Age of Knowledge.

We hear much of the Knowledge of the age. Well; but has not one of its own poets said, "Knowledge comes, but *wisdom* lingers?"* Yes knowledge comes, but *wisdom* lingers! The world is as far as ever from peace and righteousness. Its wounds are not healed; its tears do not cease to flow. Its crimes are not fewer; its morals are not purer; its diseases are as many and as fatal. Its nations are not more prosperous; its kingdoms not more stable; its rulers are not more magnanimous; its homes are not happier; its ties of kindred or affection are not more blessed or lasting. The thorn still springs, and the brier spreads; famine scorches its plains, and the pestilence envenoms the air; the curse still blights creation, and the wilderness has not yet rejoiced or blossomed.

(*From the Hebrew.*)

Thanks.

To my Brethren in San Francisco.

By the Grace of God who has endowed his peculiar people, the children of Israel, with humanity and brotherly love; as, called by the wise men of old, "Merciful and the children of the Merciful," I greet you as the accredited Messenger of my Brethren in Jerusalem, and appeal to the benevolence of our people in California. I gratefully acknowledging the hearty welcome received at the hands of my co-religionists of San Francisco. Their sympathies have been awakened to the distresses of their brethren of Jerusalem, who are engaged in the study of the Law. For the more effective matter of affording the due support, they have organised a Society—and in a kind spirit one brother has said to another, "Take courage and strengthen yourself for the sake of our brethren who dwell in the Promised Land."

Abraham said, "Blessed be you to the most High," and God will bless you with riches and with honor, with children and with grandchildren, and in your days and in our days shall Judah be saved and the Redeemer come unto Zion speedily in our days, Amen!

And our brethren who dwell in Jerusalem shall pray continually for you on the spot where our forefather Jacob ejaculated, "How tremendous* is this place by the Western Wall and all other holy places," that your days may be prolonged and the days of your children; and that they may be laden with riches and honor; and that your eyes may behold the rebuilding of Jerusalem.

I trust in you, from the many acts of kindness received, to strengthen yourselves and to arm yourselves to enlarge this Society and to publish it throughout the State of California. The leaders of the Society will assume the labors thereof depending upon your support to enable us to live in the "land of our delight". And may your righteous actions bring you peace and prosperity. Amen!

And me, your servant and friend, may you remember in kindness.

Your obedient servant

Abraham Nissan,
Messenger from the "*Ashkenazem*" and "*Perushim*" of Jerusalem.

The Palestine Charity Fund.

While the recent inundations in the interior have made a sad havoc with a number of our people, in destroying their property and business prospects for some time to come—while charity appeals to our men for those in their immediate neighborhood — while our people are now daily called upon to contribute for the suffering poor of this State — we are not unmindful of the indigent poverty-stricken of our race in Palestine, who look to the far West for succor. In the midst of this clamor for aid for those who have recently been driven from their homes and comforts, and while thousands of dollars have been given by our Israelites alone to those of their brethren in the interior who are in need of immediate assistance (one Hebrew firm, besides contributing largely to the wants of his people, has forwarded two large cases with clothing to the Howard Benevolent Association of Sacramento) we still have not been loath to meet on Saturday last, at the St. Nicholas Hotel for the purpose of aiding our poor brethren in the far off land — a work auspiciously begun and, to all appearances, — judging from the readiness of individual members—destined to become of material benefit to our brethren in Palestine. It is, therefore, highly gratifying to note that the society, "Friends of Zion," numbers already more than three hundred members, and promises a respectable increase from the interior. To this hope we are justified on consideration of the members elected as managers for the ensuing year, viz:

Rev. Dr. Elkan Cohn, President.
Dr. Julius Eckman and Rev. H. A. Henry, Vice-Presidents.
Mr. M. Mayblum, Treasurer.
„ J. N. Choynski, Secretary.
„ L. King,
„ J. S. Rothchild,
„ Henry Seligman,
„ S. Morgenstern,
„ Louis Sharp,
„ S. Marx,
„ C. Meyer,
Trustees.

It must also be highly gratifying to Rev. A. Nissan, the worthy Messenger from Jerusalem, to be able to bring these tidings, of our endeavor to aid those who are so needy and so near us by the ties of religion and nationality, to the Promised Land. May Mr. Nissan prove a מבשר טוב wherever his steps may lead him. And may Israel on this coast and everywhere else feel for the woe of their fellow men until Jerusalem again shall be the home of all Israel and the abode of chosen ones of the Lord. C.

Clothing.

We recommend the article "Flannel" to the consideration of Parents and others.

* Holy, awful, reverential.

The Orphans.

The ready (temporary) adoption of the two interesting Children of the late Mr. Vogel, by the EUREKA SOCIETY, is not to preclude the Children from any advantage that might accrue to them if any responsible family should offer to take charge of either of them. The Society has acted from a sense duty, and will perform the act of love towards the helpless orphans, as long as no other home offers But it will be glad to see the children in the hands of any family where they may enjoy the comforts of a home, and receive a good moral and intellectual training.

Any family who may feel disposed to adopt a child, may apply verbally or by letter to AUGUST WASSERMAN, President, *Custom House Block* (Sacramento Street).

The War.

The Federal troops meet with success upon success. Fort Pulaski (commanding the entrance of Savannah) is reported to be in the hands of the Federal troops. A battle is reported to have been fought at New Orleans.

A great fire consumed almost half of the city of Charleston: the loss is estimated at about $7,000,000

The Judases of the Land.

Rev Dr. Putnam, of Roxbury, gave a most eloquent and scathing discourse on Sunday, taking his text from the story of Judas. Among the most contemptible of the modern Judases, the preacher classed those persons who are availing themselves of the present disastrous struggle to get the "thirty pieces of silver," over and above their just dues, out of the anguish and bloody sweat of the nation. All grasping and tricky contractors, all swindling commissaries and mercenary quartermasters, he classed with Judas. Let them look in the glass, and they will see a traitor's features.—*Boston Transcript.*

☞ Capt. URIAH P. LEVY, U. S. N has just published a "Manual of Internal Rules and Regulations for Men of War," which is highly spoken of by those competent to judge, as a useful and authoritative work on the subject. — *Jewish Messenger.*

Meeting of Ohabai Zion.

A Meeting of the Managers of the OHABAI ZION Society will be held at the St. Nicholas Hotel, on *Saturday* next, December 21st, at 8 o'clock P. M.

By order,

Election of Officers.

On Saturday last, the 15th inst., the *Israelitishe Frauen-Verein*, at their meeting elected the following Ladies for the ensuing year.

Mrs. Regina Seligman, President.
„ Caroline Newberger, Vice-Pr.
„ Caroline Wolf, Treasurer.
„ Julie Mayblum, Secretary.

Mrs. Hannah Halphon,
„ Caroline Simon,
„ Jeannette Steppbacher, } Trustees
„ Babette Einstein,
„ Babette Regensburger,

Mr. L. Tichner,
„ H. Seligman,
„ Dr. Regensburger, } Councillors.

A vote of thanks was tendered to the retiring Officers for their energy and zeal which they have evinced in behalf of the Society.

This Society is established since 1855 It has 86 members, and is one of the most benevolent Societies, in this State and the Israelites may be proud to have in their midst a society so well conducted.

Election.

At an Annual Election, held December 1st, the following were chosen Officers of the *Folsom Hebrew Benevolent Society:*

—A CARD.—

BUILDER and CONTRACTOR.

TO THE
Hebrews of San Francisco.

Having many warm and devoted Friends among the Hebrew People, and being desirous to increase my patronage among them, in this city, I respectfully recommend myself to their notice, assuring them that their interests will be carefully, ably and particularly guarded in my hands, as I am able to show by reference to well known gentlemen among their community.

Those who intend to build will do well to have their plans made and their building superintended by me; as I have had more than twenty-five year's practical experience, as ARCHITECT and BUILDER, and hope to be able to do ample justice in every respect. Edifices erected by me have been found very strong, and the plastering too last longer, than those of a number of others.

Architecting, as in everything else, has its different qualities; and while there are many able masters in San Francisco, there are also numbers, who,—not having the practical experience, miscalculate and spoil almost everything they undertake, as is proved by any number of inconvenient houses in this city, as the result of ignorance on the part of the Architect.

Those, therefore, who want their plans made by an experienced and practical Architect and Mechanic, will do well to give me a call, and take a view of a number of plans of houses executed by me

INFANT, DAY AND INDUSTRIAL
SCHOOL,

Sutter, near Stockton street; in the building formerly used as a City School, and originally as a church.

The Day School.

The undersigned has opened a regular Day School, under his own management and that of a well-known public school lady-teacher, and such assistance as the wants of the school may call for.

This school, in operation since the 1st of June, is an extension of the Hephtsi-bah School (established July 1854, and is managed exactly like the public schools; with the difference that it a ms at developing the moral faculties simultaneously with the intellectual powers: its efforts will be—as have been those of the Hephtsi-bah School these seven years—to afford the child-en *an education besides instruction*; to supply a want very much felt i our system of education. We have too many "clever girls" and "smart boys;" we should like to see obedient children, and good men.

SEWING CROTCHETING, EMBROIDERY AND MUSIC.

These accomplishments, so necessary for the future housekeeper, are taught at the school as necessary branches of a common school education.

GERMAN AND FRENCH.—Pupils, already advanced in the elementary branches, will be taught French and German, if desired.

A number of German parents, wh'ch their children early to learn to speak German To satisfy this demand, provision are made for the German to be read as a medium of instruction for those children, whose parents desire it

MUSIC—This ornamental branch, frequently so injudiciously taught, without regard to health; to talent, and to the probability of the student's being able to bring it any perfection and of practising it when acquire—will also be taught as soon as there will be any appreciable demand for it.

The Infant School.

A School, after the model of the Prussian Verwahrungs anstalten, under the management of ladies, whose gentleness, suavity of manners and deportment—the first requisites in the early training of youth—cannot fail to exert a healthy influence over the whole after life of the Pupils, is still a desideratum in this city.

The Harmonia School is making every effort to supply this want, and rejoices already in such a promising patronage, that the co-operation of a second lady was secured since the short time of its existence; so that ample justice can be done to the school.

Parents have the choice to have their children addressed in German or English.

The confinement of children at too early an age, and their premature intellectual development is highly deprecable. Yet, many parents find it, as we see, acceptable to see their children guarded from street influences and (home) accidents, by placing them under the guardianship of ladies, who by a motherly treatment, will very early and especially cultivate in them the affectional and moral faculties; who will entertain them agreeably—partly by instruction, by stories, by play things and otherwise; and that, in a locality so large and lofty, that, while it keeps the young from the dangers and influences of the the street, cannot be considered confinement.

The Harmonia (upper) School room measures 32 by 50 is 18 feet high, with a play ground of 10 by 70 feet for the girls, and another of the same dimensions for the boys situated in one of the most healthy localities, with an appropriate internal arrangement and management, affording to pupils those rare accommodations.

Such a school ought to meet with that support which, similar establishments have met in Prussia and northern Germany; in which country, these Institutes, on account of their usefulness, are the special care and provision of Government.

The devotion of the undersigned to the cause of education is fully known, by his labors in this city since full seven years. He is determined to make the Harmonia School his special care; so that, while it is principaly under the management of ladies—a great advantage for the young—he will, by his pecial care and superintendance try to introduce into it that harmony and unity of action which is so necessary for the maintenance of a sound and healthy discipline.

Special care will be taken to see the children safely to and from school. Children living on the other side of the railroad will be sent for; particularly those who have to cross the Market street railroad track.

Charges are those usual in other private schools in this city.

Apply at the School House daily from 9 A. M.; or at the "GLEANER" Office daily, from 12 to 2 P, M. Commercial st.; or, 517 Clay st.

DR. PARK'S

BALSAM OF WILD CHERRY

AND TAR

A SAFE, SPEEDY, AND CERTAIN REMEDY FOR Coughs, Colds, Asthma, Sore Throat, Bronchitis, Consumption, and all

PULMONARY COMPLAINTS.

Statistics prove that one quartes of all the adult mortality in the United States, proceeds in some manner from Diseases of the Lungs. It is frightful to contemplate the mass of corruption, suffering and death. As blossoms ripen into fruit, so does a neglected cold or cough terminate in consumption. It is a hard thing to conquer in its later stages—It should be vigorously attacked at first. Many articles of different virtues may alleviate, but

PARK'S BALSAM OF CHERRY AND TAR

cures, when any earthly power can.

"INDEPENDENCE, Texas, May 16th, 1858.

"GENTLEMEN: I feel it my duty to speak in regard to your Medicine. In 1856 I was attacked with a violent cold rapidly running into Consumption. I tried every medicine, and all the physicians could hear of, without relief, until I hit your Balsam of Wild Cherry and Tar. I was immediately benefited. It has saved my life.

"Gratefully yours,
"JOHN C. SMITH."

"RICHMOND, Texas, May 7, 1858.

"MESSRS. BARNES & PARK: I am having constant calls for Park's Balsam of Wild Cherry and Tar. Those who have used it, speak in the highest praise of its effects. Be kind enough to forward me one gross.

Yours, truly, O. H. PETERS."

"ATAWAS, Texas, April 23, 1848.

"GENTLEMEN: I am a practising physician at this place about 25 miles from San Antonia. I prescribe Dr. Park's preparation of Wild Cherry and Tar for Pulmonary diseases, with the greatest benefit. I have witnessed several remarkable cures. "W. DAVIS, M.D."

Such results are constantly being exhibited in every community.

Consumption Cured in its Last Stages.

Consumptive patient, be of good cheer. We bring you joyful tidings of good news, Read! Read!

"HARDONVILLE, N. J April 20th.

"I was attacked by a severe pain in the side, in the region of the Liver. I suffered intensely through the whole winter. During all the time I was confined to my house, had a violent cough, raised much bloody matter, and was supposed by myself and others to be in the last stages of consumption. The February following, when apparently my life was at a close, I procured a bottle of Park's Balsm of wild Cherry and Tar. As soon as I commenced its use, I began to grow better. The soreness of my side grew less, the cough gradually left me, the profuse expectoration and spitting of blood ceased, and my general health became by degrees restored. I was soon enabled to resume my trade, that of a carpenter, which I have continued without interruption. I will further remark that this remarkable cure was effected by only three bottles of the Balsam.

Truly yours,
"THOMAS COZYENS"

This article so harmonizes with the vital fluids, digestive organs and requirement of the system, as to lift the disease and sooth all inflamation. If used according to directions, it cannot fail to benefit you. Procure the illustrated Almanac of any agent (gratis,) and read explanations in full. But loose no time.

In Consumptive Symptoms

"Procrastination is the thief of time" in an awful sense as it shortens existence and hurries the patient from time into eternity.

Thousands are weekly dying whose lives might be saved by the timely use of DR. PARK'S BSALM OF WILD CHERRY AND TAR. A few weeks—a few days make a fatal difference in the progress of CONSUMPTIVE SYMPTOMS.

The chances of success increase greatly with the earliness of treatment Although Park's Balsam has performed cures in cases seemingly desperate that are almost miraculous, still it is advisable to take the Balsam on the appearance of the first symptons.

Sold by Druggists everywhere.

THE HARMONIA SCHOOLS.

TO PARENTS IN THE CITY AND COUNTRY.

The Harmonia Day School as well as the Infant School, continue to increase steadily, and begin to enjoy more than an ordinary patronage. They are under the management of two competent and well-known ladies. We hope, if the patronage continues thus, to be able to afford the children opportunities worthy of the attention of parents and guardians. At the day school, boys are taught the Hebrew and German (if desired), in addition to usual branches; and the girls, sewing and embroidery. We are prepared to add French and music, as soon a there will be any demand for these branches, for the senior classes.

The Infant School takes charge of children of a very tender age, and occupies them in a peculiarly improving manner. Pupils of a more advanced age learn the letters and spelling.

Hebrew children will early be taught the steorotype Hebrew liturgic sentences, and Hebrew melodies. This exercise is of high importance to the child, and will be duly appreciated by the intelligent parent.

The object of the schools will be seen from the circular in another column of the GLEANER.

☞ We send daily a boy, in our employ, for children living beyond Market street, and other distant parts of the city.

Vacancy at Victoria.

We received the following letter from a trustyworthy friend at Victoria:

VICTORIA, V. I., July 14, 1861.

REV. DR. J. ECKMAN, Dear Sir: The Israelites of this city are desirous of engaging a teacher for about twenty-five children, respectively from 6 to 13 years of age, at a monthly fee from $100 to $130. I have already $80 on the list, with the assurance of the full amount.

We want him to be a moral man—capable to give to our children a sound English education—together with Hebrew, and if he possess a knowledge of the French it would be preferable; let him be a *Moell.* A young man with the above qualifications can find a good and substantial situation in Victoria.

I beg respectfully of you to find one for us, and your recommendation will be a sufficient guarantee.

SINGER'S

SEWING MACHINES

HAVE BEEN REMOVED

47 Montgomery Street,

Next to corner of Bush.

I AM PREPARED TO DEMONSRATE to all who feel an interest in Sewing Machines, that SINGER'S FAMILY SEWING MACHINES WILL DO BETTER WORK

On a greater range of fabrics—that is, on as light fabrics and on heavier fabrics—than any other Family Sewing Machine before the public is capable of doing; that the work can be done WITH GREATER EASE

And with fewer interruptions: and that in ALL the important requisites of a Sewing Machine, Singer's Machines at $100 are cheaper than any other kind at $50. I am now selling our FAMILY SEWING MACHINFS

PLAIN—at..... $50

CABINETS—at..... 75

LESLER A, or traverre Shuttel Machine, an entirely new and incomparable Family Sewing Machine, and adapted to light Manufacturing $90

Do not allow yourselves to purchase a 'HAIN STITCH machine, either double or single thread, ALL of which will ravel. All chain stitch machines have a cord on the under side of the fabric, and the work soon wears out. Work done on Singer s Machines will outwear any other, and is more beautiful. No tailor or manufacturer buys a chain stich machine.

DR. PARK'S

BALSAM OF WILD CHERRY

AND TAR

A SAFE, SPEEDY, AND CERTAIN REMEDY FOR Coughs, Colds, Asthma, Sore Throat, Bronchitis, Consumption, and all

PULMONARY COMPLAINTS.

Statistics prove that one quarter of all the deaths annually in the United States, proceeds in some manner from Diseases of the Lungs. It is frightful to contemplate the mass of corruption, suffering and death. As blossoms precede fruit, so does a neglected cold or cough terminate in consumption. It is a hard thing to conquer in its later stages—It should be vigorously attacked at first. Many articles of different virtues may alleviate, but

PARK'S BALSAM OF CHERRY AND TAR

cures, when any earthly power can.

"INDEPENDENCE, Texas, May 16th, 1856.

"GENTLEMEN: I feel it my duty to speak in regard to your Medicine. In 1856 I was attacked with a violent cold rapidly running into Consumption. I tried every medicine, and all the physicians I could hear of, without relief, until I hit your Balsam of Wild Cherry and Tar. I was immediatly benefited. It has saved my life.

"Gratefully yours,
"JOHN Q. SMITH."

"RICHMOND, Texas, May 7, 1856.

"MESSRS. BARNES & PARK: I am having constant calls for Park's Balsam of Wild Cherry and Tar. Those who have used it, speak in the highest praise of its effects. Be kind enough to forward me one gross.

Yours, truly, O. H. PETERS."

"ATAWAS, Texas, April 23, 1856.

"GENTLEMEN: I am a practising physician at this place about 25 miles from San Antonia. I prescribe Dr. Park's preparation of Wild Cherry and Tar for Pulmonary diseases, with the greatest benefit. I have witnessed several remarkable cures. "W. DAVIS, M.D."

Such results are constantly being exhibited in every community.

Consumption Cured in its Last Stage.

Consumptive patient, be of good cheer. We bring you joyful tidings of good news, Read! Read!

"HARDONVILLE, N. J April 20th.

"I was attacked by a severe pain in the side, in the region of the Liver. I suffered intensely through the whole winter. During all the time I was confined to my house, had a violent cough, raised much bloody matter, and was supposed by myself and others to be in the last stages of consumption. The February following, when apparently my life was at a close, I procured a bottle of Park's Balsm of wild Cherry and Tar. As soon as I commenced its use, I began to grow better. The soreness of my side grew less, the cough gradually left me, the profuse expectoration and spitting of blood ceased, and my general health became by degrees restored. I was soon enabled to resume my trade, that of a carpenter, Which I have continued without interruption. I will further remark that this remarkable cure was effected by only three bottles of the Balsam.

Truly yours,
"THOMAS COZYENS"

This article, so harmonizes with the vital fluids, digestive organs and requirements of the system, as to lift the disease and soothe all inflamation. If used according to directions, it cannot fail to benfit you. Procure the illustrated Almanac of any agent (gratis,) and read explanations in full. But loose no time.

In Consumptive Symptoms

"Procrastination is the thief of time" in an awful sense as it shortens existence and hurries the patient from life nto eternity.

Thousands are weekly dying whose lives might be saved by the timely use of DR. PARK'S BSALM OF WILD CHERRY AND TAR. A few weeks—a few days often make a fatal difference in the progress of CONSUMPTIVE SYMPTOMS.

The chances of success increase greatly with the promptness of treatment Although Park's Balsam has performed cures in cases seemingly desperate that were almost miraculous, still it is advisable to take the Balsam on the appearance of the first symptons.

Sold by Druggists everywhere.
